

The Society of Bluffton Artists will offer two sessions of **Kids Art Camp** this summer, with instructor Pat Diemand, for kids ages 8-12.

Each session will be held at the SOBA Center for Creative Arts, located next door to the SOBA Gallery at 8 Church Street in Bluffton. There are 2 one-week sessions, Monday through Friday, 9 - 11 am.

The theme this year will be **Art with the Masters**; the children will not only do a fun and creative project but they will also be exposed to the art of different Master artists through the ages and work in their same style. Below is a schedule of which artist or theme will occupy each day and a brief description of the day's activity:

### **Session I □□□□ June 20 - 24 □ \$100/WEEK – Scholarships available**

Mon. 6/20    George Seurat – explore Pointillism using Q-Tips and paint.

Tues. 6/21    Henri Matisse – students will create cut paper pictures in the style of Matisse.

Wed. 6/22    Leonardo DaVinci – “Invention Convention” (3-D project) Working in pairs, students will discover DaVinci's ingenious ideas as they invent a new machine for the 21st

century.

Thurs. 6/23 Marc Chagall – daydream pictures. Students will explore the concept of Surrealism that Chagall portrayed in his work.

Fri. 6/24 Vincent Van Gogh – Students will learn about Van Gogh’s style of using swirling lines in his works of art and produce a “masterpiece” of their own.

**Session II ☐☐ July 11-15 ☐ \$100/WEEK – Scholarships available**

Mon. 7/11 Piet Mondrian – Examine the world of Mondrian and create a picture in his style using geometric shapes and primary colors.

Tues. 7/12 Georgia O’Keefe – Students will make large scale paintings of flowers that mimic the art of this famous artist.

Wed. 7/13 Wassily Kandinsky – Investigate the world of color and how it relates to emotion. Students will create an oil pastel picture while listening to music.

Thurs. 7/14 Claude Monet – Students will draw an original landscape in the style of Monet.

Fri. 7/15 Greek Pottery Designs – Students will be introduced to the designs of ancient Greek pottery and the use of geometric and organic shapes in making ordered Patterns
