

Sixteen inspiring teachers show how they make the “magic” happen at Art League Gallery. This is an exciting – not to be missed – exhibition of new work by the talented instructors who teach at Art League Academy.

"The artist is in all of us! Our innate creativity may be untapped, yet an inspiring teacher can bring it forth. The art studio is where we all can truly let go, play and find the joy that comes with art making—and when that happens, it really does feel like magic" says instructor Alexandra Sharma.
