

Deck Your Halls with limited-edition treasures from Beaufort Art Association's Holiday Boutique. Are you looking for that special one-of-a-kind Christmas gift? Something funky like a painting of an alligator with a Santa hat . . . or just beautiful Beaufort inspired Christmas cards?

Now through December 31, a portion of BAA's Gallery will be transformed into a winter wonderland full of fine art and crafts especially created for this event.

"If you truly want art from the heart, this is a great opportunity to buy original art for a reasonable price," says Jerry Stocks, Holiday Art Market Chair. "All items are entirely the creative work of the artists, and many of them are crafted exclusively for this event."

This year's Holiday Art Market offerings include:

- a 42" painted Babbo Natale, Italian Father Christmas wall piece
