

Atelier is a working collective art studio, located in the historic Lipsitz building in the heart of downtown Beaufort, South Carolina. Built in 1883, this gorgeous building, with the original hardwood floors and high ceilings, houses 14 individual art studios of local Lowcountry artists. On any given day, you can climb the original staircase to Atelier and witness any number of the artists at work. With the historic charm, slightly slanted floors, natural light and gorgeous artwork covering the walls, Atelier is *truly* a one-of-a-kind experience.

Please join us this Christmas Holiday season for our “Artful Gifts” exhibit.
