The Society of Bluffton Artists Gallery welcomes painter Bill Winn and clay artist Sheryl Winn as featured artists from July 6 through August 2. Bill's moody watercolors, spontaneous acrylics, pastels and drawings form a beautiful chorus with Sheryl's elegant, yet earthy hand-built ceramics and whimsical kinetic art.

"The Earth as We See It" is a collection of this husband and wife team's observations of the Lowcountry and the Southeast, which includes forests and marshes, small towns and big cities, and the people who live in the area. For this show, each of the artists studied many of the same scenes and interpreted them using their own medium.
