A few weeks ago, Vince and I invited two dear friends over to our house for an old-fashioned family supper and game night. Vince found a board game called Smart A** almost a year ago and the four of us had been talking about playing it for months. Smart A** is a “Who am I?” “What am I?” “Where am I?” question and answer game for ages 12 and up. It's very fun and very kid friendly. I must admit however, some of the questions, aka Hard A** questions, were kind of tough.

Since the game had a donkey/burro on the box cover, and since I like to always have an event motif, I opted for a Mexican themed menu. We began our evening with Mexican Mules, ended with Un-Fried Ice Cream Cake and ate lots of yummy offerings throughout the evening. We enjoyed several rounds of Smart A** and still have a pile of question cards that we didn't get to play. I'm thinking we'll have to host a rematch very soon.

P.S. We practiced social distancing, washed our hands multiple times – and we're all four safe and healthy more than a month later. Life goes on.

Mexican Mule

Simple and delicious, this Mexican Mule will give your favorite margarita a run for its money!

½ cup Tequila (I used Reposada)

1 tablespoon freshly squeezed lime juice

16 ounces pineapple juice

4 ounces ginger beer

Fresh pineapple, cubed

Fresh lime slices, to garnish

Mix all ingredients in a small pitcher. Serve over ice. Garnish with pineapple and lime. Serves 4.

Cilantro Lime Shrimp and Avocado Salad

For the celebration, I made a quick and easy dish of refreshing flavors and simple ingredients. It's a quick and easy dish that can be made in minutes. I used fresh tomatoes, onions, and green beans. I also added some tortilla chips for extra crunch. The dish is perfect for a quick and easy meal or a snack.

~~Round, Mexican bred (M85/15) with green chile drained (c. 1000000) (L1108-9-50165)~~

For this recipe, you'll find it works as a side dish or as a base for a favorite Mexican recipe. And you can use it as a base for a variety of other dishes.

With the addition of the cream, it's not the mess. Be sure to let it freeze for at least five hours.

[Serving a delicious and healthy dinner made to be eaten at 10:00 PM by the kids!](#)
