The **Parish Church of St. Helena** is located at 505 Church Street in historic downtown Beaufort. The **Friday Organ Concerts at Noon** are free and feature accomplished organists from across the country, as well as abroad.

Join us for the first concert on Friday, October 3, when our visiting organist will be William D. Gudger, retired Professor of Music History and Theory at the College of Charleston. Spend an hour being soothed and excited by the music of these incredible artists, while relaxing in the beauty of our historic church. Come early and take a tour of the church. Invite your friends and neighbors to join you. Donations are gratefully accepted. For more information, please Pat Gould, Director of Music for the Parish Church of St. Helena at 522-1712.
